EDUCATION

VIT Bhopal University

Bachelor of Technology, Computer Science and Engineering - **8.71**

2022 - Ongoing

Bhopal, MP

PROJECTS

SaaS-Builder [🔗](#) | React, Flask, Bootstrap, SASS, Python, AI Integrations

Feb 2025 - Apr 2025

- An AI-powered framework that autonomously generates production-ready, full-stack SaaS applications from high-level ideas.
- Engineered the front-end using **HTML5**, **CSS3**, **Basic JS**, and **Bootstrap** to create a responsive and intuitive CLI and web interface.
- Developed reusable and maintainable React components with a strong focus on clean, high-quality, defect-free code and extensibility.
- Acted as a key self-starter in a collaborative team, taking a high sense of ownership from conception to deployment on PyPI.

Singitronic [🔗](#) | Next.js, Node.js, MySQL, React, TypeScript, HTML5, CSS3

Sept 2024 - Dec 2024

- Developed a full-stack electronics **eCommerce platform** with admin dashboard from scratch using **Next.js** and **Node.js** with a custom design.
- Engineered a completely responsive user interface with modern aesthetics using **HTML5**, **CSS3**, and **React** with strong focus on user experience.
- Implemented core eCommerce functionality including product catalog, shopping cart, user authentication, and order processing with **MySQL** database management.
- Built a comprehensive admin dashboard for product management, order tracking, and business analytics, following software engineering best practices throughout development.

Snappy [🔗](#) | Reactjs, Node.js, Express.js, MongoDB, Socket.io, Docker, JWT

Aug 2023 - Sept 2023

- Developed a real-time chat application using the full **MERN stack** (MongoDB, Express.js, React, Node.js) with **Socket.io** for instant messaging capabilities.
- Implemented user authentication and authorization using **JWT** (JSON Web Tokens) to secure user accounts and conversations.
- Engineered a responsive and intuitive user interface with **React**, **HTML5**, and **CSS3** for both login and main chat home pages.
- Containerized the application using **Docker** and **Docker Compose** for simplified deployment and environment consistency.

TECHNICAL SKILLS

Languages: HTML5, CSS, JavaScript, Python, C/C++, SQL

Technologies/Frameworks: React, Node.js, Express, Bootstrap, REST APIs, WebRTC, Socket.IO, MongoDB, MySQL

Tools & Concepts: AWS (S3, EC2), Git, Data Structures & Algorithms, OOP, DBMS, OS

EXTRACURRICULAR

Bash Craft Club, VITB

Jan 2022 – Present

Core Team Member

- Contributed as a core team member in the technical club focused on scripting and automation.

VIT Bhopal AdVITya

2022

Football Tournament - Third Place

- Achieved third place in inter-university football tournament during techno-cultural festival.
